Climate health and sustainable healthcare in Aotearoa conference 2023

The Climate Health and Sustainable Healthcare in Aotearoa Conference 2023 (CHSH2023) is open to anybody interested in ensuring the health sector in New Zealand creates an equitable pathway to carbon neutrality.

Climate Health and Sustainable Healthcare can bring wide co-benefits to health, health equity and wellbeing, and the conference will address topics of mitigation, adaptation, risk, opportunity and innovation.

Main event in Wellington
with hubs in Auckland, Christchurch and Dunedin
5-6 July 2023
